# 04 STUDENT TESTIMONIAL

"I have learned so much as a participating student of the ISP from 2013 to 2016. I was able to challenge myself academically, experience new things culturally, and meet numerous people from different countries and backgrounds." Justin Hirano, Class of 2016

"The classes were taught by knowledgeable instructors and the things that we learned are sure to be helpful for me in the future. But the best thing was all the benefits of the course out of the classroom. I got to meet students from all over the world who are all interested in aviation, and who will be lifelong friends. The classes are intensive, but the time flew by so fast that no one wanted the program to end". Anthony Boocock, Class of 2015
